Описание:

This stunning residential complex is conveniently located 600 meters from the sea, in a quiet location and close to all the infrastructure necessary for a comfortable life and recreation. The settlement of Karsiyaka, where the complex is located, has long been a favorite region for many foreign citizens - after all, the construction of multi-storey buildings is prohibited in the region, and the area is distinguished by the beauty of high evergreen mountains and the proximity of the clear sea.

The modern complex offers apartments with one, two and three bedrooms. The complex will be completed on December 31, 2024, until the end of construction, residents are offered an installment plan.

We are pleased to offer you penthouse apartments with two and three bedrooms, with beautiful views from the two terraces offered in each apartment - a terrace with an exit from the apartment and a roof terrace.
