An ambitious new project offering luxury resort-style living in the heart of the Long Beach region. The complex will be located 400 meters from the picturesque Mediterranean Sea beach, it will be a magnificent addition to the coast, offering residents of the complex unique views of the apartments combined with excellent infrastructure.

The project is located opposite two five-star Skazino hotels on the first coastline. This will undoubtedly make the residential complex an ideal choice for your investment.

Exceptional and comfortable living conditions in the new project will be offered to residents 365 days a year. The complex involves four towers of different heights, the first of which will become a luxury hotel; apartments from the 9th floor to the 30th floor are high-class apartments with spacious view terraces for maximum comfort for residents. In total, the complex will have 686 comfortable apartments.
Clients can choose from several types of properties - studios, 1+1, 2+1, 3+1 and luxury penthouses 4+1 and 5+1.

The goal of the designers was to include endemic plants of Cyprus into the overall landscape of the complex and create a harmonious environment. The complex combines experience in running the hotel business and offers clients an innovative investment option. A 24-hour reception and lobby area will welcome guests of Hotel Block A, which will act as an alternative to the five-star hotels opposite. The quality of the service provided will increase the tourism potential of the region and ensure a high return on investment.
