Описание:

The "Vita Nova" residential complex is a luxurious and comfortable place to live in the picturesque Tuzla area of Northern Cyprus. This unique project combines modern architecture and natural beauty. "Vita Nova" consists of 14 commercial properties and 57 residential units – 9 villas with private pools and 48 apartments of various sizes and layouts, ranging from studios to three-bedroom apartments. All apartments are designed in the smallest details, providing a high level of comfort and functionality for the residents.

The project places special emphasis on environmental friendliness and sustainability. Green recreational areas, children's playgrounds, and public spaces harmoniously blend with the surrounding landscape and encourage an active lifestyle. 24-hour security and video surveillance ensure the safety and peace of mind of the residents.

The developer of "Vita Nova," with experience since 1996, has earned a reputation as a reliable and respected brand in the North Cyprus real estate market. Their philosophy of sustainability and innovation is reflected in every project, utilizing modern technology and expertise to create high-quality properties. "Vita Nova" is a family project that offers not only a cozy place to live but also an investment opportunity for those who value reliability and quality.
