Welcome to the unique project in beautiful Esentepe! The project by a leading developer consists of three integral parts: Sea Exclusive Side, Sea Side, and Mountain Side, offering you various options to choose your perfect home by the sea or surrounded by picturesque mountains.

You can choose from studio apartments with their own garden, as well as 1+1 and 2+1 loft penthouses with a full rooftop terrace!

Sea Exclusive Side - where luxury meets the sea. Here, you can enjoy superiority and privacy in the sunlight and fresh air saturated with sea salt.

Sea Side - the perfect choice for those seeking harmony with nature and stunning views of the endless sea. Thanks to spacious panoramic windows, you'll immerse yourself in the atmosphere of tranquility and serenity of the seaside.

Mountain Side - an oasis of tranquility and cosiness amidst the mountains. This is the place for those who appreciate the beauty and silence of mountainous terrain. Apartments with magnificent views of the mountain peaks and expansive spaces for inspiration and creativity.

Additionally, the project features numerous commercial spaces for shops and modern medical services, from dentistry to hair transplantation, providing residents with convenience and access to necessary goods and services right on-site. This allows our residents to enjoy the sun and warmth of the Mediterranean Sea all year round without any worries.

Starting from September 2024, we invite you to join us on our exciting journey to create this unique place. The completion of construction is scheduled for March 2027, guaranteeing you a new life in a haven of health and well-being by the sea or in the charming embrace of the mountains.
