# Luxury 4 + 1 villas in Bellapais, the latest construction technologies

s-bl-29

## Описание:

Luxury villas are located in Bellapais settlement, next to the English school and a short drive to Kyrenia city center. Perfect panoramas of the sea and mountains, silence and fresh air, excellent quality and design are just some of the characteristics of this exclusive project.
During the construction of real estate, the most advanced world technologies were applied, such as
An energy efficient VRF system, LED lighting fixtures, high efficiency materials used, a photovoltaic panel system infrastructure that enables the production of its own electricity on the roof and will work in conjunction with solar panels to meet the hot water demand. These comfortable homes can be equipped with heat pump boilers.
Due to the use of high-quality fittings with low water consumption, in addition to ease of use, savings in water consumption in the room will be achieved.
Ventilation solutions have been created by choosing natural, low emission materials that will improve the quality of indoor life.
