This practical and comfortable design of new 3 bedroom villas, now almost completed, has been present on the North Cyprus property market for several years and, due to the popularity and successful sales of the first phases, has reappeared on the market in a new and updated and improved version.

The beautiful villa has large rooms including a comfortable utility room on the ground floor, roof terrace, dressing room,... The villa is located in the Iskele area, close to the beaches and Bogaz fishing harbour, and close to Iskele town centre.

The house is perfect for purchase, for investment purposes, because the modern design is complemented by such nearby amenities as the nearest sandy beach 10 minutes drive, 40 minutes drive to Ercan airport, 90 minutes drive to Larnaca airport.

The villas are located in a gated complex with a communal swimming pool. Some of the villas have large plots with the possibility of building a private pool.
