Residence complex with apartments of different layouts in the heart of Iskele

s-isk-130

Описание:

The residence complex is located in the heart of Iskele, near the center of all the infrastructure of the region. Here, residents are offered wonderful relaxation and comfortable living in a complex with a carefully thought-out landscape and various social areas for children and adults. In this complex, each of the apartments has a unique view of the Mediterranean Sea, and the residence itself is within walking distance from the beaches, the most

the island's popular beaches with golden sand and crystal clear water. The project consists of 5 blocks, 160 apartments and a closed area of 14,000 sq.m. This is a quiet and at the same time urban project, offering you both the sea and a swimming pool, just 850 meters from the beach, and the entire infrastructure of the city. Local commercial and entertainment establishments in the area offer guests a large selection to easily meet their daily needs.

This project has a great opportunity for your investment in a relaxing holiday atmosphere and tranquil Mediterranean life. You can enjoy drinks on the balcony, admiring the sea view and the magnificent nearby architecture, and witness the happiness of your family.

Enjoy luxury living on the Mediterranean coast! This project is perfect for holidays and permanent living.
