Studio apartments are offered in a new project located next to the popular Long Beach, in the booming tourist area of Northern Cyprus. The apartment offers wonderful views of the sea and mountains, as well as the opportunity to relax all year round all 4 seasons with excellent living conditions. Feel all the comforts of relaxation at home!

Wide sandy beaches with golden sand, warm sea, fresh seafood and fruits, healthy air filled with iodine and salt - this is just a small list of what attracts future owners.

By purchasing real estate in Iskele on the seashore, you get the opportunity to both have a rest on your own and earn money by renting out housing. This is facilitated by the island's long tourist season.

The concept of the project is to create a favorable and comfortable atmosphere for people who strive for a quality pastime.
